Homepage :

The company certifies that :

- it accepts all the "FITB Certification rules for the material of the 11 June 2003" (including the enclosure)
- before the settlement of the final agreement, it will not use any FITB technical test report or advice for advertising purposes of any kind, including the mere reference to it, without prior written approval of the FITB.
- all the information sent to the FITB is genuine
- if it receives FITB certification for their material, the company will :
 - make sure that quality controls meeting the requirements of the FITB (as defined in the rules of the certification program) will be introduced for the material sold with the certification mark of the FITB.
 - put an official FITB certification mark on each article of this model in his possession

Please send the original copy of this form to the following address, together with the one of these two documents :
- appendix 1.1 - Technical information form for a frame and/or net certification
- appendix 1.2 - Technical information form for a ball certification

Director of the Technical Commission of the International Tchoukball Federation
Michel Thomann; 5, ch. du Platane ; CH-1008 Prilly ; Switzerland

This application is subject to "Appendix 2 -Terms and conditions of the application form for certification"

Company acknowledges that all text of the documents of the certification program are translations from the original text, which is in French. In case of discrepancy between the two, the French original has precedence.

Appendix 2 - Terms and conditions of the application form for certification

1. Company has submitted the products described in the application form for certification (the "Test Material") for testing in accordance with the "Regulations on the certification of the material by the FITB of the 11 June 2003" (including the "certification rules, the technical rules, the enclosure).
2. Company acknowledges that in undertaking to carry out testing pursuant to this Agreement, only the FITB shall determine that the Test material correspond to the technical regulations. No representation will be made as to the conformity of the Test Material with regard to all applicable laws, standards, regulations and decrees around the world, including but not limited to all applicable laws relating to product safety and insurance. Notwithstanding the foregoing, FITB reserves the right to make any changes in the technical regulation that could be decided by the FITB.
3. Company shall be responsible for complying with any legislation or regulation governing the importation of the "Test Material" in Switzerland.
4. Packaging and delivery cost of the Test Material are under the responsibility of the Company
5. FITB will not be liable for any penalty, loss, injury, damage or expense arising from any delay or failure in performance from any cause whatsoever.
6. FITB shall not in any event be liable for any indirect or consequential loss whatever and however caused including Test Material that has not been delivered to it or has been delivered damaged or arising directly or indirectly from delay in the testing procedure.
7. If any Conditions shall become or shall be declared by any Court of competent jurisdiction to be invalid or unenforceable in any way, such invalidity or unenforceability shall in no way impair or effect any other condition all of which shall remain in full force and effect.
8. These Terms and conditions shall be governed by and construed in accordance with Swiss law.
